Ampliação da coleção do Portal de Periódicos da Capes

Em janeiro de 2008 foi incorporado ao Portal de Periódicos da Capes a coleção de Artes e Ciências I do JSTOR que se caracteriza por abranger acervos retrospectivos de 174 títulos, incluindo as principais *core collections* de associações científicas e importantes editoras. Abrange 15 áreas do conhecimento com ênfase em ciências humanas e ciências sociais aplicada, destacando-se economia, história, ciências políticas, sociologia, antropologia, línguas e literatura, além de matemática e estatística. A maioria dos títulos são indexados na Web of Science.

Outro destaque foi a inclusão de 237 novos títulos, abrangendo todas as áreas do conhecimento e com alto fator de impacto nas suas respectivas áreas. São publicações editadas por importantes associações científicas, entre elas American Medical Association, Genetics Society of America, American Society for Nutrition, Massachusetts Medical Society e por renomadas editoras como Duke University Press, World Scientific, Guilford Press, Thieme e Karger. ([veja aqui a lista de títulos completa](#))
